ANNUAL REPORT

WHAT'S INSIDE

Every year we look back and are amazed at what God did through the ministry and partners of Here2There. God continues to exceed our plans by opening new doors for partnerships and ministry we would have never thought of by ourselves. Each year God expands our vision of serving the global church to be Great Commission Churches. This year alone we served 16 churches as they made amazing strides to take the gospel to the nations. Another factor that is hard to comprehend for us is the global reach each of these 16 churches has with their missionaries and ministry partners they serve and care for around the world. We completed 2 translation projects with one more to be complete in a matter of days. We saw our national leaders take great strides by leading their own trainings.

We pray that, as you read this report, you would catch just a small glimpse of what God is doing and you would praise Him. We pray that you would see the impact your partnership is having both near and far. We pray that God would be glorified and honored with what has been done and what we will do in the coming year.

WHO WE ARE

Here2There Ministries (H2T) is a church partnership organization, established in 2010, for the purpose of equipping the church to engage in missions with their ministry partners beyond giving. We live out our purpose by equipping churches, missionaries and organizations around the world to develop strategic partnerships.

VISION

To see every church around the world be an active Great Commission Church that is raising up, sending out and caring for their missionaries.

MISSION

Creating strategic partnerships between Churches and Missionaries so that both may thrive.

WHERE & WHO

H2T NETWORK: Online community for Pastors and Mission Leaders. Through the H2T Network we host our online classes and provide weekly resources like: blogs, interviews, planning guides, assessments & evaluations, missionary care calls...

350+ PEOPLE SERVED IN 24 COUNTRIES

50+ ATTENDED ONLINE CLASSES

CHURCHES: We believe the church is the vehicle for the Great Commission and where God's glory is reflected. The church has always been our main focus. We pour our time and resources into equipping the local church, both near and far, to be an active part of The Great Commission.

HIGHLIGHTS

2024 held several major accomplishments that we continue praise God and celebrate. These are just a small reflection of some of the ways God worked this year.

MULTIPLICATION

3 years ago we had 3 national partners attending ampd -our online mission strategy course. Throughout their course each of them would share photos of them teaching that month's lesson with their local pastor community. Their initiative to share ampd with others sped up our process of turning students into trainers. Because of their example, we began asking other alumni to join our training team.

Because of our growing trainers and invitations our need to expand our resources grew as well. Through our trainers, this year, we have completed two translations of ampd. AMPD - Churches in Telegu and AMPD-Missionaries in Spanish. Our Spanish church manual should be complete by the beginning of the new year. These are such huge blessings to our national partners to have these resources.

TRANSLATIONS

GRADUATIONS

Now that we have trainers and translations we are starting to see our national partners lead their own ampd trainings. This year, we graduated students in Uganda and Central Asia. And we have two additional groups that have been started by our partners this past fall. We love watching our previous ampd students stay the course and now turn into amazing teachers and great partners for the ministry.

STRENGTHEN '25

We've seen the impact a single church has on the nations when the whole church is engaged in missions together with their missionaries. We've experienced the life-giving joy a church receives when they are intentionally raising up new missionaries to go to the nations. We've heard the testimonies of missionaries who are thankful for the care they receive from their churches. And we believe every church can be a Great Commission Church. So we will continue to provide the training and coaching and resources churches around the world need to rise to their calling.

SOUTH AMERICA & EUROPE

South America is currently increasing its sending capacity and we want to equip the local churches to be fully prepared. The European church has had a steady decline and in some areas is non-existent. For a year now we've been praying for God to bring us strategic partnerships in these parts of the world.

NEW COUNTRY INITIATIVES

LEARN- TRAIN- GO

Our vision is to identify and train students on every continent who will be our next trainers. But, we don't want to simply stop at trainers, we envision small H2T Hubs all around the world with leaders who are launching mission initiatives from their local churches.

SUSTAINABLE MULTIPLICATION

THRIVING CHURCH

By providing the local church with resources and coaching we help them set greater expectations for missions and give them the tools and support they need to accomplish them. We empower the local church to be actively engaged in missions.

EFFECTIVE RESOURCES

GROWING TEAM

In order to keep up with the growing opportunities, we need more team members. We are asking God to bring us faithful people who love missions and the church and will help take the vision to the next step.
