

WASTING TIME

H2T's 2022 year in review

In most cultures people spend hours around the table sipping coffee, telling stories, and sometimes not saying anything at all. Often times, when you visit a home, it is considered rude if you don't stay and visit for several hours. There are no agendas or schedules and yet the deepest and strongest bonds are formed in these times. It's in this sitting together where people build trust, community, love and friendships.

In the west, we would consider this a waste of time if there wasn't a purpose or plan to the time. If we didn't talk about Jesus, business or get something accomplished many would walk away frustrated, questioning why they just wasted two hours 'doing nothing'.

This year as we were looking for new opportunities to serve our church and missionary partners, we were also wanting to spend more time with them not talking about missions or ministry. We wanted to strengthen our relationship with them and just connect and care about them as individuals.

We loved the extra time spent together and the sweeter relationships that formed (We were probably a little less stressed too because of it). Don't worry, we still had plenty of time to do ministry... in fact, those times of sitting together made the working together even better.

PARTNERS WE SERVED

5 churches

7 missionaries

1 mission organization

220 network members

4 national leaders

THANK YOU for praying for us so we would have the wisdom to serve our churches and missionaries.

THANK YOU for the time you gave volunteering and serving so we could share the extra time and resources to those in need.

THANK YOU for financially giving so we could work along-side our partner churches and missionaries.

Thank you

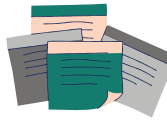

Here's a little more in depth look at what ministry looked like this year as we helped churches and missionaries establish and/or strengthen their relationships together. By sharing our stories, we hope you can catch a small glimpse of what God did through your giving.

CARE & VISITS

We're working with church care teams to make sure their missionaries are mentally healthy and emotionally stable and to care for the person along with the ministry needs too.

Taught Care Teams to proactively care for their missionaries

Created assessment tools and resources for churches

Visited our missionaries and church partners

DEVELOPMENT & PLANNING

We've noticed lately that some of our best work is in the dreaming and brainstorming with pastors and mission leaders helping them with the details of the vision God's given them.

Helped a new mission pastor get started

Helped 3 missionaries get to their fields

Helped a church identify a missionary for an UPG

TRAINING & COACHING

We were excited to add new US and International trainers to the team this year to help us expand our reach and serve our partners.

Helped prepare Short-Term Teams to visit their partners

added 7 new trainers to our teaching team

70+ coaching sessions with churches & missionaries

Created resources for mission conferences

Identified national trainers in Uganda, India, East Asia and Pakistan

LET'S KEEP GOING IN 2023...

We don't want to stop here... we want to see the Gospel shared in the remote, rural and unreached areas of the world. In order for us to do that, we need to train additional national church leaders. We need to train more churches how to send out more missionaries. We need more missionaries inviting their churches into ministry with them.

And we can't do that alone.

Will you increase your partnership with us?

Thank you for a great year, we look forward to another amazing year of ministry with you!

2023 VISION

NEW NATIONAL LEADERS

NEW CHURCHES IN AMPD COHORTS

NEW MISSION ORGANIZATIONS

NEW MISSIONARIES IN AMPD

Your H2T Team
